

Parents/Guardians,

In order to provide comprehensive health education in Henry County Public Schools, age appropriate Family Life Health Education will be offered to your child. These lessons emphasize the attitudes, values, and skills that will help students make sound decisions and become responsible members of the community.

If you want your child to participate in the Family Life Health Education, and you did not select “yes” during Infosnap registration, please complete the bottom portion of this form and return it to your child’s classroom teacher.

For a detailed description of the Family Life Curriculum and information specific to your child’s grade level, refer to the FAMILY tab found on the HOME page of our Henry County Public Schools website. Parents may also review the objectives, materials, and videos prior to the lessons being taught by contacting Patricia Carter, Family Life Coordinator, For The Children-Partners In Prevention at 276-638-1146 or Sue Townes at 276-634-4702.

---

#### OPT-IN FAMILY LIFE EDUCATION

To **include** your child in Family Life Health Education, please fill out this form and give to your child’s classroom teacher. You do not need to fill out this form if you have already selected “yes” to the Family Life Education tab upon registration. This form supersedes any prior agreement.

I wish to include my child \_\_\_\_\_ in Family Life Health Education.
